

SOCIAL CREATIVITY

Social Creativity is a multi-disciplinary arts program for young adults on the autism spectrum.

Our participants explore subjects of interest to them through visual art, music, animation, theatre, and games with same-age peers as part of a regular weekly club! Club membership includes field trips, guest artists, and get-togethers outside of class.

We're looking for a compatible group of 17 - 26 year olds who:

Are open to learning new things and interested in making friends

Can participate in a group and are tolerant/supportive of differences

Are willing to personally commit to a year-long program

Are reasonably independent, requiring only occasional teacher support

Have some self-regulation tools and/or skills

Can verbally request help and give basic descriptions or narrations

WEDNESDAYS 6:30 - 8:30 PM

For more information, please contact:
